

Haryana

Classification of Industry

The following industries have been identified as thrust areas:

- Textile
- Light Engineering Good
- Auto Parts
- Scientific Instruments
- Metal
- Agricultural Implements
- Pharmaceutical
- Agri and Industrial Chemical
- Khadi and Village Industries
- Bio Technology

Some industry specific measures are:

- **Centre for Competitiveness for Agri Food and Bio Technology Sector:** State Government will set up Centre for Competitiveness to assist the small & medium scale industry to reap benefits of new technology, providing technology information services, consultancy and advisory services in agri-food processing and bio-technology sector. The Centre would undertake sectoral studies with the help of specialized organizations so that the industry in the region can regain its competitive edge. The centre will be funded from SME Renewal Fund.
- **Textile Centers Infrastructure Development Scheme:** In order to further accelerate the development of Textile industry, a project under “Textile Centres Infrastructure Development Scheme” (TCIDS) of Government of India shall be set up at Panipat.
- **Rural Industrialization:** Mukhya Mantri Gramin Rojgar Yojana will be introduced to boost industrialization in the rural areas. Under the scheme special incentives and concessions would be provided to tiny industrial units and units in the traditional

sectors.

- **Khadi and Village Industries:** The State Government recognises the importance of Khadi & village industries in promoting self employment to rural artisans, rural women and other weaker section of society. Due attention will be given in the areas of technology upgradation, training, design and development and marketing. Efforts would be made to adopt cluster approach so that common services such as design and development assistance, raw material etc. could be effectively provided. The activities of Khadi & Village Industries Board would be suitably strengthened.
