

Karnataka

Quality Promotion

- However, this increased flow of investment need to be supported with (i) On demand infrastructure availability, (ii) Human resource for diverse sectors, (iii) Support to technology up-gradation, quality improvement and (iv) Single Window support and facilitation mechanism, so that the projects are implemented expeditiously and go into operation.
- In the context of globalised economy, survival & growth of SSI sector depend up on its ability to modernize, improve quality & cut costs. Karnataka Council for Technology Upgradation [KCTU] would be strengthened to take up promotional programmes in this regard.
