

Mizoram

Prevention of Industrial Sickness

Re-structuring of State public sector undertaking:

The public sector undertaking set up by the government of Mizoram to serve specific purpose could not perform up to the expectation. Most of them are running with accumulated loss inspite of their contribution to the social sector. The role of public sector undertaking will be reviewed by the government and re-structuring and rehabilitation will be undertaken leading them to commercial viability.

Rehabilitation package for sick industries:

Sick Industries will be identified and their cause of sickness will be studied. A model rehabilitation package will be evolved for those sick units which merit revival.
