

Chhattisgarh

Quality Promotion

Objectives

- To create an enabling environment for increasing industrial production, productivity and quality upgradation to face the challenge of competition emerging from economic liberalisation.

Strategy

- To encourage private sector for providing quality roads, developed land, water, etc. In the least possible time, and to encourage captive power generation for providing low cost power.

Action Plan

Basic infrastructure

- Special efforts will be made for the supply of uninterrupted and quality power to industries by the Chhattisgarh State Electricity Board / its successor power distribution undertaking(s). To meet the requirement of power of industries, incentives will be given for captive power generation.
- In the industrial areas and parks, State Government will ensure availability of essential common facilities like laboratory, quality certification, cold storage, etc.
- Directed Incentives will be provided for industrial investment in the State in the form of interest subsidy, infrastructure development / capital investment subsidy, exemption from electricity duty, exemption from stamp duty, exemption

from entry tax, allotment of plots at concessional premium in industrial areas, exemption from land diversion fee, reimbursement of project report expenses, quality certification subsidy, technology patent subsidy, interest subsidy for technology up-gradation, etc.

Quality Certification Subsidy

On receiving ISO 9000, ISO 14000 or any equivalent national / international certification, expenses incurred thereon will be reimbursed to the extent of 50% or Rs. 75,000, whichever is less, to all new industries established in the State.
