(e) Potential products of imports from India

S.No.	Commodity (2-digit HS tariff line)	Rationale (Max. 200 words)
1.	22 – Beverages, spirits and vinegar	<p>These are the items that are in top 25 products that UK imported from the world and from EU but not in top 25 items of bilateral trade with India in the month of December 2022.</p> <p>Therefore, it is proposed to target these products for increasing India's export to the UK in short term and medium-term.</p>
2.	44 – Wood and Articles of Wood; Wood Charcoal.	
3.	95-Toys, games and sports requisites; parts and accessories thereof	
4.	33 – Essential oils and resinoids; perfumery, cosmetic, or toilet preparations	
5.	19 – Preparations of cereals, flour, starch or milk; pastry cooks products.	
6.	8- Edible Fruit and Nut, Peels of Citrus Fruits or Melons	
7.	Furniture; medical and surgical furniture; bedding, mattresses, mattress supports, cushions and similar stuffed furnishings; lamps and lighting fittings, not elsewhere specified; illuminated signs, illuminated name-plates and the like; prefabricated	
8.	4 – Dairy produce; birds' eggs; natural honey; edible prod. Of animal origin, not elsewhere spec. Or included.	
9.	21 – Misc. Edible Preparations	
10.	20 – Preparations of vegetables, fruit, nuts or other parts of plants.	
11.	<p><u>Agri and Food Products</u></p> <p>The UK is a net importer of food and food products from the EU. UK only produces about 25% of fruits and vegetables consumed in the country and imports more than 70% of its food from EU worth around of approximately 40 billion Euros.</p> <p>In this light, a member of Agri and Food products from India could become competitive for exports to this high value market. However, they would have to comply with strict environmental, animal welfare and food safety standards.</p>
