

The Globalization, Liberalization & rapidly changing economy has thrown new challenges & opportunities for Micro, Small, Medium & Large Enterprises. There is an urgent need to strengthen the MSME Sector by adopting to the changed environment in order to face new challenges & leverage advantage of new opportunities.

The National Vendor Development Programme cum Industry & Technology Expo - 2015 will provide an opportunity to Micro, Small and Medium Enterprises to expand market base and explore new marketing avenues in Public Sector Enterprises, Govt. Departments and Large Enterprises.

NVDP cum Industry & Technology Expo - 2015 is an opportunity for manufacturing MSMEs, Software Developers, Academic Institutions, Business Development service providers, Consultancy firms and potential entrepreneurs to exhibit their abilities and competencies with respect to their prime product range and services offered. At the same time, Public Sector Undertakings like BHEL, BSNL, ONGC, UJVNL, Defence Establishments, Railways and reputed banks and financial institutions will be displaying their requirement and would identify competent vendors in various technology and other related sectors which are being driven by the pool of highly qualified young professionals.

NVDP cum Industry & Technology Expo - 2015 would also witness participation of Large Enterprises from the State who will be exhibiting wide range of their products and services.

For the first time, the NVDP programme will also bring university research on display for adoption by MSME and other sectors. Since Hydro dams are a big potential market for MSMEs in Uttarakhand, they are also being asked to participate to meet their sourcing requests from local industry.

After the passage of MSMED Act – 2006, service sector has also been included along with manufacturing sector, this programme will also focus on creating markets for such MSME entrepreneurs in various service areas.

“Industry & Technology Expo” – 2015

is inspired by global megatrends and drives of growth such as energy and environment engineering, mobility and urbanization.

Efficient use of natural resources, the use of smart IT systems in planning and control, the networking of industrial process across existing technological and corporate boundaries, plus lightweight design and construction would be showcased in the 2015 line-up of leading sectors under a single umbrella.

Objectives:

- (a) National Vendor Development Programme is being organised to provide common platform for business as well as selling organisations to interact with each other with a view to identifying emerging demands of the buyer organizations while simultaneously providing an opportunity for displaying the capabilities of the Micro & Small entrepreneurs and their industrial ventures. This program will prove to be of immense use in locating suitable entrepreneurs by a number of buying organizations including the Public Sector Enterprises, various wings of Defence, Railways and others in indigenizing number of products which hitherto are being imported at a colossal cost.
- (b) In National Level VDP of 4days duration, large scale organizations such as BHEL, ONGC, BSNL, UJVNL, etc. will interact with MSMEs in identifying potential vendors. Along this National Level VDP, an exhibition is also along put up for displaying the products of MSMEs and large scale organizations. The Research institutions will also be showcasing their technologies and other strengths for Enterprises. This will help in further strengthening Academia-Industry Linkages.

About MSME-DI, Haldwani

The Micro, Small & Medium Enterprises (MSME) sector has been recognized as engine of growth all over the world. In India MSMEs are defined by an Act, governing promotion & development of MSMEs known as – “Micro, Small & Medium Enterprises Development Act, 2006”

The MSME-Development Institute (MSME-DI) Haldwani is a field office of MSME Development Organisation under Ministry of MSME, Govt. of India. The activity of MSME-DI Haldwani includes, inter alia, creating, sustaining and nursing of MSMEs in the country including state of Uttarakhand. It also disseminates schemes and policies of Ministry of MSME, New Delhi through various programmes and workshops. The NVDP cum Industry & Technology Expo - 2015 is one such programme.

About Industries Association of Uttarakhand (IAU)

Industries Association of Uttarakhand (IAU) is an apex body of Micro, Small & Medium Scale Industries of Uttarakhand. Its strong membership base covers wide products and services spread through length and breadth of Uttarakhand.

With exclusive focus on Uttarakhand, Industries Association of Uttarakhand (IAU) is committed to the industrial development of the state and its entrepreneurs.
