

On FISME President's views on the problems of unregistered MSMEs

Reaction 1

Mr. V.K.Agarwal, President, FISME made a correct statement on decline in growth of MSME in Uttar Pradesh. The reasons pointed out will be helpful in formulating new policies.

My hearty complements for the wonderful review of the MSME sector. I have one clarification to seek regarding 4th MSME Census. According to the 4th MSME Census, only 7% is enjoying institutional credit, 40% of exports from these MSMEs cannot go without institutional credit. Either of these figures are incorrect or some other problem.

It's a fantastic way to reach out to most of the stakeholders of Indian MSMEs. Keep it up!

I would like to ask something. Recently the RBI has announced Bank Branch Portability in respect to savings bank/current accounts. It will be in the interest of MSME entrepreneurs to make their demands reach RBI and other authorities through the MSME Board to get similar benefit. Our current banks harass us a lot. Hope action will be taken without many debates.

I am very much thankful to you for the mail. Your Bi-weekly bulletin and Govt. Notifications on procurement policy for MSME are informational. In your Bi-weekly bulletin, I have seen two new offices at Bangalore/ Hyderabad and I wish to see the third office at Mumbai shortly.

On announcement of Public Procurement Policy**Reaction 1**

Please accept our heartiest congratulations for bringing to fruition FISME's efforts in bringing out a Public Procurement Policy for MSMEs. But for FISME's efforts, this could not have been easily achieved.

May god be with you sir to bless you in all your endeavours in leading this most dynamic sector which is the source and fulcrum for contributing 8 per cent of the country's GDP, 45 per cent of the manufactured output and 40 per cent of its exports. The MSMEs provide employment to about 60 million persons through 26 million enterprises. The labour to capital ratio in MSMEs and the overall growth in the MSME sector is much higher than in the large industries.
