

Bucharest, Oct 30, 2013

Nr. 005/30.10.2013

Our company **S.C. BIO INTELLIGENCE DISTRIBUTION S.R.L.**, located in Bucharest, Romania, Aron Cotrus street, no. 61, ground floor, ap. B05, room 2, 1st district, registered under number J40/9343/2011, CUI 28945616, phone +403 17171717, fax: +4021 4090020, email: office@biollogic.ro, has experience and expertise in the fields of:

- Bioremediation of hydrocarbon contaminated soils and waters
- Cleaning and removing hydrocarbon from contaminated pavements
- Treatment and disposal of organic waste and odors from waste waters
- Treatment and dissolving of organic fats from separators, septic tanks, drains and sewers
- Treatment of lakes (sludge disposal, odor and parasitic vegetation)

We have already done works in Romania and abroad such as:

- Waste water treatment plant in Civitavecchia (Italy)
- Waste water and organic fats treatment in hospitals from Romania
- Treatment of oil contaminated pavement - Globeground Romania, Petrom Aviation
- Treatment of waste water contaminated with hydrocarbons - Subiaco waste water treatment plant (Italy)

Our aim is to get involved further, in similar projects especially abroad, meaning that we would like to sell our products and to collaborate/partner with companies with experience and tradition in the countries in which your institution is represented. We specify that our interest is for the following areas of the world: Europe, Asia, Russia, CIS, North America, Latin America, Africa and Middle East.

In this regard we kindly request the MECMA/DCE support and also your economic advisors' from the respective countries (in the areas mentioned above) for identifying facilitate us meetings with prestigious companies.

Please find attached to this letter a presentation of our company.

Contact person in our company is Mr. Octavian Grozea, mobile tel. 0745.440.550, e-mail octavian.grozea@biollogic.ro.

ABOUT US

Bio Intelligence Distribution SRL is a 100% Romanian owned company founded in 2011.

Our mission is to generate value for our clients in the context of a cleaner environment.

Concern for the environment, for everything about Earth, gave rise to the range of products **Bio|Logic**[®]. Using **Bio|Logic**[®] products is the reward for all that nature has given us and continues to give us. Products **Bio|Logic**[®] are the solution of nature.
