

Business Opportunities for Indian MSMEs in EU

- If you think that your enterprise produces the type of goods which is of good-quality for exporting to Europe
- If your enterprise is keen on buying from European companies new technologies
- If your enterprise wishes to set up a joint-venture with a European company for export or to distribute products in India

Please send us a brief summary about your business activities with your interest and contact details.

After preliminary screening, FISME shall pass on your request to its correspondants in the European Union and Switzerland.
